© LINDY ELECTRONICS LIMITED & LINDY-ELEKTRONIK GMBH - FIRST EDITION (DEC 2003)

English Manual

Features

- PS/2 interface for keyboard and mouse
- Uses PS/2 cables to extend keyboard and mouse signals distances of over 150m.
- No software installation required

Installation & Operation

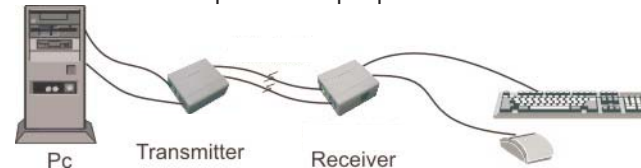

Before installing the Extender, please make sure all computers and peripherals have been turned off.

Using two PS/2 cables connect the mouse and keyboard ports of the PC or KVM switch to the ports labelled **PC IN** on the **Transmitter** unit. To aid installation the keyboard connection is coloured purple and the mouse connection is coloured green.

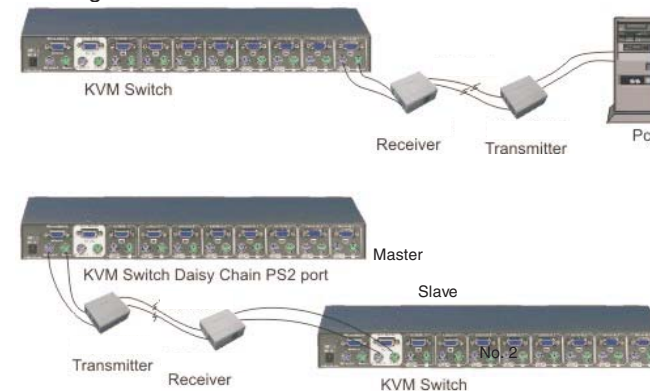

Connect two PS/2 cables of appropriate length to the ports labelled **EXTENDER** on the **Transmitter** and **Receiver** units.

Plug your keyboard and mouse into the ports labelled **KB** and **MS** on the **Receiver** unit.

Connect the power supply to the **Receiver** and switch it ON. Switch on the computers and peripherals.

If you want to use the Extender to connect a PC to a KVM switch or to connect two KVM switches to each other, follow the diagrams below:

Deutsches Benutzerhandbuch

Eigenschaften

- Kompatibel zu PS/2 Interface für Tastatur und Maus
- Sendet PS/2-Signale bis über 150m weit
- Kompatibel mit allen weit verbreiteten Betriebssystemen
- Verwendet 2 PS/2-Kabel als Verlängerungskabel

Installation & Betrieb

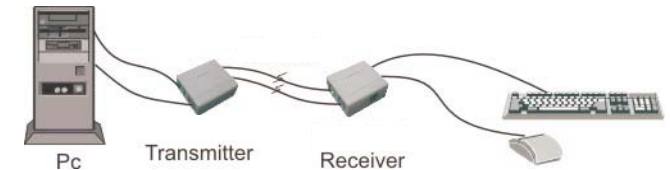

Bevor Sie den Extender installieren schalten Sie bitte die angeschlossenen Geräte aus.

Die Anschlüsse des **Transmitters** mit der Bezeichnung **PC IN** werden mit Maus- und Tastatur-Anschlüssen des Rechners bzw. KVM Switch verbunden. Verschwechseln Sie dabei nicht Maus-(grün) mit Tastaturport (violett)!!!

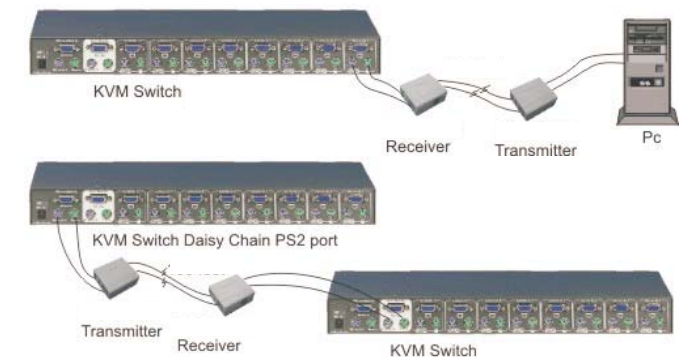

Transmitter and **Receiver** werden mit zwei PS/2 Kabeln geeigneter Länge verbunden (Portbezeichnung: **EXTENDER**, **markieren Sie die Kabel für Maus und Tastatur um Verwechselungen zu vermeiden!**)

Maus und Tastatur werden direkt an den Receiver and die Ports **KB** und **MS** angeschlossen.

Schließen Sie nun das Netzteil an den **Receiver** an und schalten Sie danach die angeschlossenen Geräte wieder ein.

Sofern Sie den Extender zwischen PC und einem KVM Switch oder zwischen zwei KVM switches verwenden wollen folgen Sie der untenstehenden Zeichnung:

Technical Data

Functions	Transmitter	Receiver
PS2 Mouse Port (Green)	2 x MD-6 female	2 x MD-6 female
PS2 Keyboard Port (Purple)	2 x MD-6 female	2 x MD-6 female
Power Adaptor	No	DC5V, 2.5A
Weight approx.	41g	39g
Dimension (mm, lwxh)	50x43x24	50x43x24

Shielded cables must be used with this equipment to maintain compliance with radio frequency energy emission regulations and ensure a suitably high level of immunity to electromagnetic disturbances.

FCC Warning

This equipment has been tested and found to comply with the limits for a Class B Digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced technician for help

You are cautioned that changes or modifications not expressly approved by the party responsible for compliance could void your authority to operate the equipment.

LINDY No. 32385

Caractéristiques

- Interface PS/2 pour clavier et souris
- Utilisation de câbles PS/2 pour étendre les signaux clavier et souris jusqu'à 150m.
- Pas d'installation logicielle nécessaire

Installation & Utilisation

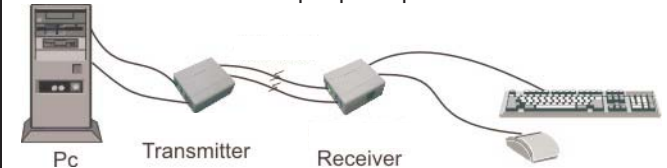

Avant d'installer l'Extender, assurez-vous d'avoir éteint tous les ordinateurs et les périphériques.

Connectez les deux câbles PS/2 aux ports souris et clavier du PC ou du commutateur KVM aux ports **PC IN** sur le **Transmetteur**. Pour permettre de connecter correctement le clavier et la souris, les connexions sont différenciées par des couleurs.

Connectez deux câbles PS/2 de la longueur appropriée aux ports **EXTENDER** sur le **Transmetteur** et le **Recepteur**.

Connectez votre clavier et souris aux ports **KB** et **MS** sur le **Récepteur**.

Connectez l'alimentation au **Récepteur** et allumez-le. Allumez ensuite l'ordinateur et les périphériques.

Si vous souhaitez utiliser l'Extender pour connecter un PC à un commutateur KVM ou pour connecter deux KVM ensemble, suivez le diagramme ci-dessous:
